Warrant for the 1947 Town Meeting

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Milton in the County of Strafford, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the eleventh day of March, next, at ten of the clock in the forenoon, with polls not closing before six of the clock in the afternoon, to act on the following subjects;

1. To bring in your ballots for Town Officers.
2. To see what further action the Town will take in regard to the Sewer System in Milton Village, and raise and appropriate for the same.
 - (a) Adopt Chapter III of the Public Laws of New Hampshire 1942 relative to sidewalks and sewers.
 - (b) Vote to petition the Legislature to exceed the bonded indebtedness allowable by law to construct a sewerage system and allow the town to hire money for a period of thirty years.
3. To determine the salaries, wages, and other compensation and allowances for all persons serving the Town, and pass any other vote or votes relative thereto.
4. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven thousand dollars (\$7,000.00) for the repair of highways and bridges.
5. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven thousand five hundred dollars (\$7,500.00) for winter maintenance.

6. To see if the Town will vote to raise and appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) for the continuance of the black road on Nute's Ridge.

7. To see if the Town will vote to raise and appropriate a sum not to exceed seven thousand five hundred dollars (\$7,500.00) to pay Town charges and expenses and pass any other vote or votes relative thereto.

8. To see what sum of money the Town will vote to raise and appropriate for Parks and Playgrounds, and pass any other vote or votes relative thereto.

9. To see if the Town will vote to raise and appropriate a sum of money not to exceed twelve hundred dollars (\$1,200.00) for the reconstruction of sidewalks, and pass any other vote or votes relative thereto.

10. To see if the Town will vote to raise and appropriate five thousand dollars (\$5,000.00) for the Union to Farmington Road, the State having allotted fifty thousand dollars for the same.

11. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven hundred and fifty dollars (\$750.00) for the resurfacing of Highland Avenue.

12. To see if the Town will vote to raise and appropriate a sum of money not to exceed two thousand five hundred dollars (\$2,500.00) for oiling.

13. To see if the Town will vote to raise and appropriate a sum of money not to exceed one hundred dollars (\$100.00) to be expended on private roads leading from "New Bridge" road, so-called, to cottages.

14. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred

dollars (\$500.00) for the maintenance of hydrants in Milton Fire Precinct.

15. To see if the Town will vote to raise and appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) for the Fire Department and pass any other vote or votes relative thereto.

16. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) for the repair of the Fire Station in Milton Village.

17. To see what sum of money the Town will vote to pay the first and second Engineers and Firemen in addition to the amount allowed by law; to see how much per hour the Town will vote to pay engineers and firemen while fighting fires and pass any other vote or votes relative thereto.

18. To see if the Town will vote to raise and appropriate a sum of money not to exceed three hundred dollars (\$300.00) for the maintenance of the fire engine in Milton Mills.

19. To see if the Town will vote to raise and appropriate a sum of money not to exceed thirty-five hundred dollars (\$3,500.00) for the purpose of erecting a fire station in the district of Milton Mills.

(By petition of V. E. Sprague and twelve others.)

20. To see if the Town will vote to raise and appropriate a sum of money not to exceed two hundred dollars (\$200.00) for Memorial Day.

21. To see if the Town will vote to raise and appropriate a sum of money not to exceed two hundred dollars (\$200.00) for the Free Public Library at Milton Mills in addition to the amount allowed by law.

22. To see if the Town will authorize the Selectmen to hire on notes of the Town a sum of money nec-

essary to pay current expenses in anticipation of taxes of 1947 and pass any other vote or votes relative thereto.

23. To see if the Town will vote to raise and appropriate a sum of money not to exceed two hundred dollars (\$200.00) for the control of White Pine Blister Rust. (Request of the State Forestry Department.)

24. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) for a Selectmen's office in the Durgin house next to the river.

25. Pursuant to the conditions of resolution adopted by the voters at the last Town Meeting, March 12th, 1946, a committee appointed by the Moderator, herewith present their findings:

"To see if the Town of Milton will raise and appropriate an arbitrary sum of moneys for an express outright gift to the American Legion, Oscar G. Morehouse Post, No. 61, for a 'Memorial Hall' in honor and appreciation of our sons' and daughters' heroic war efforts well done."

26. To see if the Town will vote to raise and appropriate two thousand four hundred dollars (\$2,400) for street lights.

27. To see if the Town will authorize the Selectmen to secure the assistance of the State Tax Commission in reappraising the taxable property in the Town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the Town on the same standard of value, and to raise and appropriate money to pay for the same. (Request of State Tax Commission.)

28. By vote of the Town: To see what the consensus of opinion of the Town is towards the hiring of

a town manager to serve subject to the direction of the Board of Selectmen.

29. To see what action the Town will take in regard to having one road commissioner to replace the three road agents.

30. To see if the Town will vote to close the "Old County Road" between the new and the old state road.

31. To see if the Town will vote to raise and appropriate the sum of one hundred fifty-five dollars (\$155.00), which is one one hundredth of one per cent of the assessed valuation of the Town to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other towns in the Lakes Region.

(Petition of Stanley Tanner and ten other citizens.)

32. To see if the Town will vote to take the "New Bridge Road" and a section of road from Milton Mills to the Maine State line out of the Class II designation, and if this is done, to raise and appropriate \$556.39 to be eligible for T. R. A., the State to contribute \$2,225.57.

33. To transact any other business that may legally come before this meeting.

JOHN G. GILMAN,
RALPH PUGH,
HALTON R. HAYES,
Selectmen of Milton.

A true copy—Attest:

JOHN G. GILMAN,
RALPH PUGH,
HALTON R. HAYES,
Selectmen of Milton.

January 1, 1947.

Auditors' Report

We hereby certify that we have examined the accounts of the Selectmen, Tax Collector, Town Clerk, Town Treasurer, Trustees of Trust Funds, and Trustees of the Free Public Library, and find them correctly cast and properly vouched.

CHARLES E. PIPER,
BARD B. PLUMMER,

Auditors of Town of Milton.

Annual Report of Milton Fire Precinct

Commissioners

Frank B. McIntire

Samuel G. Blaisdell

Stanley C. Tanner

To the Inhabitants of Milton Fire District in the Town of Milton qualified to vote in district affairs:

You are hereby notified to meet at Engine House Hall in said district on Saturday, the 15th day of March, 1947, at seven thirty o'clock in the afternoon to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose one Commissioner for three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To raise and appropriate a sum of money not to exceed \$1,500.00 to pay for the retirement of serial bonds and to pass any other vote or votes relative thereto.

Article 6. To see what sum of money the District will raise for general maintenance and improvements.

Article 7. To hear report of the Committee appointed to investigate requests for extension of the water system to the Ice Box and summer cottages, and see what sum of money the District will raise and appropriate for same.

Article 8. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay the debts of the District and give notes of the District therefor.

Article 9. To transact any other business that may legally come before said meeting.

Given under our hands and seal at said Milton this 18th day of February, 1947.

FRANK B. McINTIRE,
SAMUEL G. BLAISDELL,
STANLEY C. TANNER,
Commissioners.

A true copy of Warrant—Attest:

FRANK B. McINTIRE,
SAMUEL G. BLAISDELL,
STANLEY C. TANNER,
Commissioners.

Report of the Commissioners of the Milton Fire Precinct

Your Commissioners submit the following report.

We regret the loss of Henry N. Lawson (Hank), as he was known to most of us, for his faithful service operating the pumping station and maintenance work on the system since it was installed. His knowledge and availability at all times has been greatly missed.

We appointed John Thompson as his successor and he is handling the job very well.

As the system is now ten years old we thought it advisable to have Mr. Starkweather of the Starkweather Engineering Co. of Boston, who installed the pumping station equipment and machinery, come up and make a thorough inspection as to its present condition. He found the main machinery in good condition and showed very little wear; some of the smaller parts were badly rusted or worn and replacements were ordered and are now installed or will be on arrival.

All hydrants have been flushed several times. Any that were defective have been repaired and all painted and are in good working condition.

We were unable through the war to get soda ash which has allowed our system to accumulate considerable rust. Through the efforts of Roy Dickson of the Spaulding Fiber Co. we now have a ton, which should help remedy that situation.

The water tank remains to be serviced and we find many conflicting opinions as to what to do, costing from \$500.00 to \$2,500.00.

We installed three new services, Chester Downs, Wilbur Lover and Mr. Randall (Herbert Willey place on Church Street).

Respectfully submitted,

FRANK B. McINTIRE,
SAMUEL G. BLAISDELL,
STANLEY C. TANNER,

Commissioners.

Financial Report of the Milton Fire Precinct

Fiscal Year Ended December 31, 1947

January 15, 1947.

Report of the Milton Fire Department

The department has answered the following calls this year:

- 10 chimney fires
- 5 where buildings were involved
- 5 brush fires
- 2 grass fires
- 1 false alarm
- 10 dump fires

I would like at this time to call the voters' attention to the cost of operating the department. Some probably don't realize what the appropriation has to include. Listed below are the expenses of the department:

Janitor,	\$75 00
Fuel,	70 00
Salaries,	450 00
Telephone,	15 00
Lights,	12 00
Insurance,	11 00
	<hr/>
	\$633 00

This makes a total of approximately \$633.00 out of our appropriation of \$750.00 leaving very little for operating expenses.

We have purchased a new tire, tube and wheel for a spare. Also a new tank for the old truck plus a few small items which were badly needed. We also insured all the men on the department and consequently exceeded our appropriation by almost one hundred dollars. We are badly in need of new hose which costs at

this time \$1.40 per foot. The fire station is also in need of repairs. The floor is not safe for the equipment we have in there. So I feel justified in asking for a larger appropriation this year. You also have a portable pump and trailer to consider and up to this time we have no place to store it. We will also need more equipment for this piece of apparatus this year if it is to be placed in operation at the camps.

I wish to thank the engineers and men for their cooperation in the past year, also the Selectmen for their help and advice.

Respectfully submitted,

WILLIAM H. O. L. WARNECKE, SR.,

Chief.

HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—IT PAYS!

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves manpower and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of

woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the fact that more than 98 per cent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this

1. Use ordinary common sense with fire in and near woodland.

2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.

3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.

4. Cooperate with and assist the warden and urge others to do so.

5. **HELP YOU FOREST FIRE WARDEN PREVENT FIRES**—his efforts are only as effective as is the cooperation you give him!

S. H. BOOMER,
District Fire Chief.

Report of the Commissioners of the Milton Mills Fire District

The new fire siren has belatedly been received and installed. Two control buttons may be used. One is in the telephone office and enables telephone subscribers to call the operator to sound the alarm. The other one is in the lower village square enclosed in a break-glass box. Persons sounding the alarm from this box are cautioned to remain at the box until the firemen arrive in order that they may direct the firemen to the fire.

The Commissioners received the resignation of Mr. William Woodbury on October 25th. Due to ill health, Mr. Woodbury felt that he could not serve the District any longer. His resignation was accepted with sincere regret. Mr. Robert Laskey was appointed by the Commissioners to fill Mr. Woodbury's unexpired term.

The following 1947 budget is recommended by the Commissioners:

Salaries to January 1, 1948,	\$450 00
Operating expenses,	50 00
Telephone,	24 00
Insurance on truck,	6 60
Insurance on men,	55 00
Electric bill,	12 00
Treasurer's expenses,	2 00
Rent of firemen's meeting room,	100 00
Equipment,	150 00
	<hr/>
	\$849 60

W. J. MADDEN,
ROBERT LASKEY,
E. R. STONE,
Commissioners.

Warrant of the Milton Mills Fire District

OFFICERS

Commissioners

William J. Madden

William E. Woodbury*

Robert J. Laskey†

E. R. Stone

Clerk

Damon Pike

Treasurer

Robert Page

Moderator

Halton Hayes

To the Inhabitants of the Milton Mills Fire District in the Town of Milton, qualified to vote in District affairs:

You are hereby notified to meet in the office of the Miltonia Mills in the said district on Saturday, March 15, 1947, at eight o'clock in the afternoon to act on the following subjects:

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a commissioner for the ensuing three years.

Article 4. To choose a treasurer for the ensuing year.

Article 5. To see what sum of money the district

will vote to pay the Chief, the first and second engineers and the firemen in addition to the amount allowed by law; to see how much per hour the district will pay the Chief, the engineers and the firemen while fighting fires, and to pass any other vote or votes relative thereto.

Article 6. To see if the District will vote to raise and appropriate a sum of money not to exceed \$749.60 to pay the firemen's salaries, operating expenses and insurance for the ensuing year to January 1, 1948, and to pass any other vote or votes relative thereto.

Article 7. To see if the district will vote to raise and appropriate, if necessary, a sum of money not to exceed \$1,000.00 to provide for additional fire protection; and authorize the Commissioners to borrow the same on notes of the district, and to pass any other vote or votes relative thereto.

Article 8. To see if the district will vote to raise and appropriate a sum of money not to exceed \$100.00 to pay rent for a meeting room for the firemen.

Article 9. To transact any other business that may legally come before the meeting.

Given under our hand and seal at Milton Mills this 20th day of February, 1947.

W. J. MADDEN,
ROBERT LASKEY,
E. R. STONE,
Commissioners.

A true copy of the Warrant—Attest:

Commissioners.

* Resigned October 25, 1946.

† Appointed to serve to March, 1947, on October 30, 1946.

Report of the Milton Mills Fire Chief

To the Commissioners and Voters of the Milton Mills
Fire District:

The following fires occurred in the Milton Mills
Fire District from January 1, 1946, to December 31,
1946.

- 2 forest fires
- 4 car fires
- 1 oil truck fire
- 1 saw mill fire
- 2 oil burner fires
- 3 chimney fires
- 1 dwelling fire

Loss on building and contents,	\$1,200 00
Insurance adjustment on same,	1,200 00

The department answered the following calls for
fires in Acton, Maine:

- 3 chimney fires
- 1 dwelling fire
- Loss on building and contents unknown.

FRED T. WOOD,
Chief.

Report of Superintendent of Schools

To the School Board and Citizens of Milton:

It is a privilege to present my first annual report as superintendent of schools. This report includes the statistics and comments on other phases of the school program.

Enrollment—Attendance

The schools opened up as scheduled on September 4 with an increased enrollment over last year. This increase is a country-wide condition and we can expect that it will continue for several years. The accompanying table breaks down the enrollment figures by classes as well as the assignment to teachers. Pupils in perfect attendance last year were: Nute Ridge—Marilyn Cleaves, James and Shirley Perry; Grammar School—Edgar Burrows, Sherman Canney, Roland Dupuis, and Yvonne Rouleau. The pupils at Nute Ridge completed their second consecutive year without a tardiness other than those resulting when the school buses are late. The schools were in session 173 full days which is above the number required by law.

Personnel

The past year brought several changes in the school board. Mrs. Agnes Hayes of Milton Mills resigned after several years of faithful service to be followed by Mrs. Theodore Ayer, Miss Alice Treadwell and recently by Mr. Fred Carswell. Mrs. J. Herbert Willey, secretary to the Board, completed her work in November after a long tenure as a competent board member in which she gave generously of her time for the welfare of our schools. I wish to express the appreciation of all those associated with the schools for the service of these people in the welfare of our

schools. Mr. Seth Dawson has accepted membership on the Board and has been extremely helpful in meeting many of our current problems. He is serving as secretary.

The only two changes in the teaching force brought Mrs. Frances Doe of Rochester to teach grade IV replacing Miss Beatrice Duquette who resigned. Mrs. Doe taught at Farmington last year. Mrs. Ellen Akers of Sanbornville, last year of Newmarket, succeeded Mrs. Marion Stanley who left teaching in grades V-VIII at Milton Mills. We were fortunate indeed to have such little turnover in a year which brought many changes in our New Hampshire schools.

Repairs and New Equipment

The condition of the boiler at the Grammar School was such that it was definitely a hazard to continue to operate it. Any boiler with over thirty years of continuous service is likely to be inadequate. We were fortunate in being able to get an installation with the prevailing shortages of labor and materials. This change over from coal to oil was an improvement and should be an economy as soon as adjustments are made in the operation.

The purchase of a Standard Duplicating Machine has been helpful in providing for seatwork in all classes as well as other materials used by the teachers. This machine is the latest type—simple to operate, clear in print, and clean in operation. It is the fluid process which makes possible as high as 150 copies from one master sheet.

The installation of lights in the Nute High School Library and classrooms was a distinct improvement. More rooms in all of our buildings could well have new units in order to bring them up to a minimum. I hope it will be possible to do several rooms this coming year.

Housing

The overcrowded condition in the seventh and eighth grades which resulted in fifty pupils in one room under Mrs. Ellen Tuttle was an impossible situation. The Board, at the request of many interested citizens, requested the use of the Nute High School Library for the seventh grade. The Nute High School Trustees generously offered the use of the room for one year. Desks were put on skids by Mr. Perkins, manual arts teacher at Nute High School, and moved into the new classroom. Mrs. Doris Chase accepted the teaching position and is doing an excellent job under difficult conditions. I feel that this was a change which will bring gratifying results for these two grades as Mrs. Tuttle is now able to devote her full time to prepare the eighth grade for high school.

In view of the crowded condition due to increased enrollment it seems that construction of a new wing on the Grammar School is an essential. In order to provide a single grade to each teacher, improve sanitary facilities, expand the lunch room, make provisions for physical education, visual aids, dramatics and assemblies this program should be carried out as soon as is practical. Hersey and Phaneuf, architects and engineers, of Durham, have been contracted to draw up detailed plans. The money advanced by the federal government will pay for these plans and specifications. It will then be up to the citizens to definitely determine if and when they desire to construct adequate facilities for our elementary pupils. As your superintendent I earnestly solicit your interest and support in this project which can do so much to improve our school system.

Lunch Program

Provisions have been made for a lunch program serving some seventy pupils. Obstacles such as food

shortages, high prices and limited space have made this task a difficult one. I am greatly indebted to Mrs. Tuttle and Mrs. Poland for their assistance in planning the menus and administering the program. We were fortunate in getting Mrs. Ruth Dorr to prepare the lunches. Few schools are offering such a varied and adequate program under such limitations.

In Service Training

Several meetings of the teachers in the Union were held to discuss ways and means of improving our schools. In October Miss Gertrude Lewis, Elementary Supervisor of the State Department of Education, was guest speaker and in November Dr. Howard Jones, President of Plymouth Teachers College, acted as leader. In addition an institute was held at Stratham and all of the teachers attended the two-day convention in Concord.

Your superintendent attended the October Conference of New England Superintendents in Boston and plans at this writing to attend the meeting of American School Administrators in Atlantic City on March 1-6. He is also a member of the Education Council and the Legislative Committee of the New Hampshire Superintendents' Association.

The teachers of Milton have formed an organization to improve our schools as well as the conditions under which they work. This interest is to be commended and I hope it serves to create harmony among our schools and leads to a higher professional standing among our teachers and continued growth in our schools. The officers for 1946-47 are: President, Elliot Burbank; vice-president, Ellen Tuttle; secretary, Ellen Akers; treasurer, Fern McGregor.

State Aid

Education in New Hampshire is on the move un-

der its new Commissioner, Dr. Edgar Fuller. He has made many changes in the state setup which facilitate the administration of the schools. His major contribution is in the field of state support to public education. The proposed bill which was placed before the Legislature in January calls for a considerable increase over that of last year. Milton would be eligible for about \$14,000 rather than \$4,107.41 which was received this year. This amount would be helpful in meeting our building expansion program and would be an aid in the further improvement of our schools at no cost to the heavily burdened property taxpayer. In view of the fact that New Hampshire is nearly at the bottom to the degree that it assists towns in the support of public education it seems only proper that this legislation should be supported and passed at this session of the General Court.

Nute High School Trustees

I would like to express to Dr. Hart and the Board of Trustees of Nute High School the appreciation of the Milton school officials for your cooperation this year. By mutual consultation and reciprocity much has been done to bring the work of the schools into closer harmony. Every request which was made has been granted and we feel that the continuation of this attitude by all concerned will work to considerable advantage for our boys and girls.

Conclusion

There is much to be done to elevate our schools to a higher standing. It can only be accomplished by a sustained interest of the citizens of Milton. We must improve our building facilities, purchase more adequate teaching aids and continue to attract and keep strong teachers by paying reasonable salaries. The influence of the school on the life of a boy and girl is probably the single greatest potential moulder of his or her

character. This places on us a heavy responsibility. I feel sure we can meet it if we work together unselfishly in a cause which merits the best we have to offer.

Respectfully submitted,

AUSTIN J. McCAFFREY,
Superintendent of Schools.

**REPORT OF STATISTICS FROM SEPTEMBER, 1945,
TO JUNE 30, 1946**

Grade	Teachers	Enrollment
Milton 1	Vester Fenderson	26
Milton 2-3	Ethelyn Hull	16
Milton 4	Beatrice Duquette	14
Milton 5-6	Marion Kenison	24
Milton 7-8	Ellen Tuttle	29
Milton Mills 1-4	Doris Lowd	24
Milton Mills 5-8	Marion Stanley	28
Nute Ridge 1-7	Ferne McGregor	18
Total number of pupils registered		234
Number of half days schools in session		346
Number of tuition pupils		24
Per cent of attendance		92.73

Report of the Headmaster of Nute High School

To the Superintendent of Schools and the Board of Trustees of Nute High School:

I hereby submit the annual report of Nute High School which opened its fifty-sixth year on September 4th with an enrollment of seventy-two pupils divided as follows: post-graduate, 1; seniors, 12; juniors, 17; sophomores, 24; freshmen, 18. At the opening of the year twenty-one were commuters; with ten from Sanbornville, one from Union, four from Acton, Maine, and six from Lebanon, Maine.

Nute High School is very fortunate to have the same teaching staff as in 1945-1946. The Home Economics department is being filled again by a substitute teacher, with the approval of the State Board of Education. In order that the present corps of experienced teachers be kept to make your school a success, suitable salary adjustments must be made or these teachers will be lured away to other schools.

A contractor was engaged to shingle the entire school building and it was written in the contract that the work was to be completed by the opening of school. The workmen appeared the middle of September and left about the first of December. The first few days were very distracting, but thereafter all settled down to the regular routine of school and both roofers and pupils attended to their duties without interference with each other.

As in the past, the shop boys have made some field trips to the mills to get some first hand information about machinery and processes not found elsewhere. They have spent some time helping with some cement

work and forms. Experience in laying shingle and roll roofing was obtained when re-covering the garage and shed roof at the headmaster's house. The electric welder has been used for instruction and a booth or screen was made to protect those not welding from the intense arc.

The set of the Encyclopedia Americana has been as useful as it was last year and the 1946 yearbook has been added. New books in senior, junior and sophomore English were obtained together with French and second year Latin. An attempt to procure some others was not successful due to the demands on the publishers who were lacking in paper stocks and other printing materials.

The typewriters were given a complete cleaning and overhauling during the summer vacation, and were ready with new covers for the opening of school. These machines should be exchanged for new machines, not necessarily all in one year, but a few each year, just as soon as the manufacturers can and are ready to renew their former practice of exchanging machines with schools at special rates.

The failure of the heating coil which heats the water for the hot water supply tank has been a great handicap. In spite of all efforts it has only been recently replaced with an entirely new unit which is very satisfactory. Noon lunches are again possible as in previous years now that there is hot water to properly wash the dishes and utensils. The lunches serve a dual purpose in that they give practical experience to the members of the foods class as well as providing warm food for those who wish at cost.

Within a week the furnace has been converted from coal to oil, with thermostatic control. This should mean dependable heat at all times, with the work of the janitor lessened especially when the build-

ing is used at night. As formerly, the meetings of the Parent Teachers' Association are held in the auditorium, and frequently the Milton Woman's Club uses the Home Economics room for its meetings.

At the October meeting of the Milton School District a motion was made to request the school board to ask permission of the Nute Trustees to use the Nute Library for the seventh grade as the seventh and eighth grade room was over crowded at the grammar school. Permission was granted and the first of November saw the desks set up and the class move in. The shop instructor and the shop boys are to be commended for their efforts in making the skids for the desks and in getting them in readiness upon very short notice. The plan has worked very satisfactorily thus far for all at Nute High even if on some very cold mornings we have given up a warmer room while the library was getting properly heated.

The library was found to be very inadequately lighted when it was used as a classroom, especially when the safety of the eyes of your young people was at stake. The matter was brought to the attention of the Trustees, and after some experimentation, four new lighting units were installed. This work was done during the Christmas vacation and at the same time five similar units were used to replace other very inadequate lighting units—one in each of the upstairs classrooms in the south end of the building and three in the main study room down stairs. These new fixtures do not solve the lighting problem, but are a vast improvement and a step to lessen the eye strain of the pupils.

Most of the commodities we use in our homes every day are costing all of us more than a year ago. School supplies of all kinds are no exception to increased costs. Provision will have to be made for

these increases in the size of the funds that are to be made available for school use. Some provision should also be made for visual education through the procurement of a suitable sound projector. With adequate shades it would be possible to use this for classroom instruction as well as for general instruction and assemblies. Why not make this type of instruction available to the grade school pupils by inviting them to use the auditorium for assemblies until such time as the addition to their building is a reality?

I wish to thank the Superintendent, Board of Trustees, teaching staff and pupils for their cooperation and support.

Respectfully submitted,

ELLIOT W. BURBANK,

Headmaster.

Milton, N. H., February 1, 1947.

Financial Report of the Milton School District

July 1, 1945—June 30, 1946

RECEIPTS

State and Federal Aid:

Equalization fund for elementary schools (from state),	\$4,529 85
Federal government for school lunches and milk,	401 54
Income from Local Taxation:	
For the support of elementary schools,	\$15,613 86
For the salaries of district officers,	369 00
For the payment of per capita tax,	618 00
Special appropriation:	
Nute High School,	7,000 00
	\$23,600 86

From Sources Other Than Taxation:

STATEMENT OF THE DR. HENRY I. DURGIN AND ALTA M. DURGIN TRUST FUNDS

Under the terms of the wills of Dr. Henry I. Durgin and Alta M. Durgin their entire net estates are to be held in trust during the lifetime of Winslow L. Hayes and the income paid to him. At the death of said Winslow L. Hayes "said fund is to become a perpetual fund to be known as the 'Ira S. Knox Fund,' in memory of my father to be held by the Treasurer of said Town of Milton, and the income expended under the direction of the Board of Selectmen for some worthy purpose in said town in the discretion of a majority of said Board of Selectmen."

I have settled my account in the Henry I. Durgin Estate and the Judge of Probate has ordered the residue transferred to the Alta M. Durgin Estate. This balance amounts to seventeen thousand four hundred thirty and 40/100 dollars, consisting of the following securities and cash:

32 shares of stock of American Telephone & Telegraph Co.
5 shares of stock of Manhattan Company
1 share of preferred stock of New York, New Haven & Hartford RR.
2 shares of Prior Pref. stock of Boston & Maine Railroad Co.
12 shares of stock of International Text Book Co.
10 shares of 4% Pref. stock Bangor Hydro-Electric Power Co.
10 shares of common stock, Bangor Hydro-Electric Power Co.
5 shares of stock of Radio Corporation of America
30 shares of stock of General Electric Company
10 shares Capital stock of Community Trust Company
20 shares Capital stock Packard Motor Company
4 shares Pref. stock Consolidated Gas Company of N. Y.
33 shares common stock Consolidated Gas Company of N. Y.
3 shares Capital stock of New York Central Railroad Co.
6 shares stock of Great Northern Paper Co.
\$1,000 U. S. Treasury bond, 2½%, 1964-1969
2 \$100 U. S. Treasury bonds, 4¼%
Cash in banks, \$5,164.78

The balance of principal and income of the Alta M. Durgin estate is as follows:

Principal after first account, \$10,592.34, consisting of the following items:

1 U. S. Government bond, Series G, \$100.
1 \$25 U. S. Government bond, Series E.
2 \$100 U. S. Government Treasury bonds, $2\frac{1}{2}\%$.
39 shares Pref. Stock Central Maine Power Co.
10 shares stock of Packard Motor Car Co.
21 shares of stock of American Tel. & Tel. Co.
\$500 American Tel. & Tel. Co., 15 year, $2\frac{3}{4}\%$, Conv. bond
3 \$100 American Tel. & Tel. Co., 15 year, $2\frac{3}{4}\%$, Conv. bonds
Cash in banks, \$1,635.09
Accumulated income from both estates, \$1,062.58

ESTIMATE FOR SANITARY SEWERAGE SYSTEM

Village of Milton, New Hampshire

Selectmen

John G. Gilman

Ralph Pugh

Halton R. Hayes

Submitted by

GRANT L. DAVIS, Civil Engineer

Dover, New Hampshire

January, 1947

General

This preliminary design and estimate for a sewerage system for the village of Milton, N. H., was made at the direction of the Board of Selectmen, Milton, N. H.

The design is preliminary in nature, and was made to obtain an estimate of the cost of the proposed project. If the project is authorized for construction, final design and detailed drawings of the sewage treatment plant will be required, but the sewer system itself is now completely designed and the drawings are completed. Detailed drawings of manholes and certain other features will be required, and specifications and contract documents must be prepared. Surveys and legal work in connection with the purchase of necessary rights of way and other land will also be necessary.

The estimate of cost is based on the best available current prices. It is difficult to obtain accurate prices on work of this nature at present. Very few contracts

for small jobs are now being let at unit prices, and current prices are also probably somewhat inflated because of difficulties in obtaining certain materials and labor.

At present, deliveries of cast iron pipe are running many months late, and clay sewer pipe and brick are also in current short supply. It is doubtful if materials can be obtained in order to complete construction during 1947. It is therefore recommended that bids be taken on this project early in the coming winter, to give the contractor ample opportunity to arrange for deliveries of materials so that the construction may be accomplished during the spring and summer of 1948.

Basic Design Data—Sewer System

There are two general types of sewer systems, separate, and combined. The separate system handles the sanitary sewage through one set of drains, and storm water through another set of drains. The combined system uses a single set of pipes for all drainage. Since storm water drains have already been provided, and since very large pipes are necessary for storm water, it was initially decided that the system to be designed for the village should be for sanitary sewage only. This also will result in a smaller disposal plant, which will give much better results than a larger plant subject to great variations in flow.

The system as designed is not intended to handle any surface or storm water, and no catch basins, culverts, or other such drains should be connected to it.

The quantity of sewage to be handled depends primarily upon the quantity of water used. This quantity is currently about 25,000 gallons per day. The present population of the village is about 620. After allowing for the schools, hotel, etc., the daily wa-

ter consumption is about 35 gallons per day per capita. It is assumed that the future installation of additional water consuming equipment such as flush toilets, washing machines, etc., will double the per capita consumption within a few years. It is also assumed that the population may increase, making the future water consumption about 70,000 gallons per day. The quantity of water to be handled through the system is also increased by the unavoidable infiltration of ground water into the sewers. The system was therefore designed to handle 130,000 gallons per day.

The N. H. State Board of Health requires that the sewage be treated before it is discharged into the river. It was therefore desirable to collect all the sewage at one point for treatment. The survey indicated that it would be possible to construct a gravity system throughout, thus eliminating the necessity for installing a pumping station, with its operating and maintenance charges. The gravity line will cost slightly more than it would with the pumping station, but future savings by eliminating mechanical equipment will offset the slight additional cost of the system as actually designed.

Basic Design Data—Sewage Treatment Plant

The primary mission of the Sewage Treatment Plant is to treat the sewage sufficiently so that the major portion of it may be discharged into the Salmon Falls River in a condition to comply with the requirements of the N. H. State Board of Health.

The treatment plant should be as simple and effective as possible. The N. H. State Board of Health will not approve septic tanks in an installation of this size. After considering several possibilities, it was decided to effect the necessary treatment with an Imhoff Tank. The tank was designed on the basis of 130,000 gallons per day. Most treatment plants re-

quire the use of motor driven mechanical equipment, which requires regular inspection and maintenance. The Imhoff Tank requires much less attention, the results are satisfactory, and the initial cost is no greater than the cost of other types of treatment plants.

The Imhoff Tank separates most of the solid material, which causes offensive odors, from the sewage. The remaining liquid, which is relatively inoffensive, is then treated with chlorine and discharged into the river. The solids, or sludge, settle into a digestion tank, where bacteriological changes take place. The sludge eventually becomes substantially free of odors, and is periodically drawn off onto sludge drying beds, where it dries.

Summary—Estimate of Cost

Cost of Construction:

Sewers,	\$68,980 00
Sewage Treatment Plant,	15,245 00

Total,	\$84,225 00
--------	-------------

Land and Rights of Way,	1,000 00
-------------------------	----------

Engineering, Legal, and Contingencies,	
15%,	12,600 00

Grand total,	\$97,825 00
--------------	-------------

This is an estimate by the Engineers; the Contract Price may or may not be less.
